PROTEST HIS ILLEGAL ARREST

Sunday, March 16 11:30 am

Five Corners, Vineyard Haven

Mahmoud Kahlil, a graduate of Columbia University who was involved in pro-Palestinian protests, has been arrested and detained by ICE with no valid legal basis. He is a green card holder and has not been charged with any crime. In a blatant assault on the First Amendment, the Trump administration has targeted Kahlil for criticizing Israel's war of extermination against the Palestinian people.

Opposition to genocide is not anti-Semitism
and it is not a crime.
